Board meeting: January 16, 2018 7:00 p.m. in Canora

### **Henry Dechief**

We regret to announce that ATA member Henry Dechief, has passed away. Henry always helped out with the yard sales and enjoyed chatting with members and the public. He was very good at pricing items for the sales, especially tools. He was generous and donated quite a few nice old tools to us. He will be missed.

### **ATA's Webpage**

Ray Ramey has recently begun updating our webpage. The results are really worth checking out. Go to: [www.atchelitz.ca](http://www.atchelitz.ca)

### **Help Wanted**

**Custodian** - Starting January 1<sup>st</sup> 2018, ATA will no longer have a volunteer custodian. We need a member to take on this volunteer position. Duties include cleaning floors and windows, maintaining washrooms and emptying garbage in the Canora and Pioneer buildings.

Most of these duties will have to be carried out on a weekly basis. Please contact us at 604-858-2119 for further information, or email us at [atachw@atchelitz.ca](mailto:atachw@atchelitz.ca)

### **Museum volunteers**

We need more volunteers to be in the Museum to greet visitors. Duties include greeting visitors, answering questions and possibly leading tours. Please call the number above or e-mail us. If we unable to find enough volunteers, we will not be able to open seven days a week as planned.

### **Did you know?**

Many ATA members come to the ATA site on Mondays and Thursdays to work on projects and meet at 10 a.m. for coffee and great conversation. All members are encouraged to join us.

### **Lamborghini Tractor**

Pictured below is a 1965 Lamborghini Tractor (R-2 model) offered for sale at an auction of classic sports cars in Switzerland on December 29<sup>th</sup>. The estimated price was from \$38,000 to \$52,000, just a little higher than we can afford.

### **Our New City Hall**

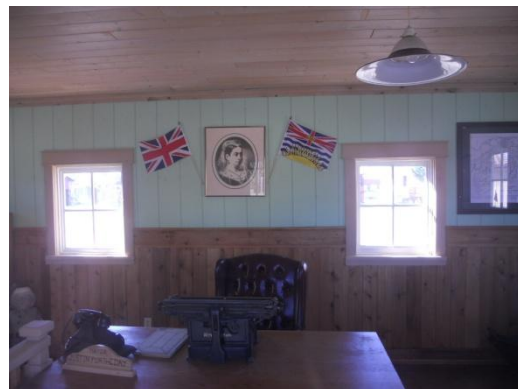

We did not make much of a fuss about our “new” City Hall, but it is an attraction well worth visiting. We’ve even got a small copy of the old BC flag (not shown!) The old kitchen trailer needed a major rebuild before we could even start developing the city hall. Bill Haynes carried out most of the planning and rebuilding, Bill Smith did lots of painting, and Jerry Parkhill the wiring. Several other people were also involved.
